

# Benjamin Moore®

## SAFETY DATA SHEET

Revision Date: 03-Apr-2025

Revision Number: 8

### 1. PRODUCT AND COMPANY IDENTIFICATION

**Product Name** ADVANCE WATERBORNE INTERIOR ALKYD SEMI-GLOSS  
**BASE 1**  
**Product Code** K7931X, 3000507  
**Alternate Product Code** K7931X, K79399  
**SAP Material Number** NA, 3000507  
**Product Class** Water thinned paint  
**Color** All  
**Recommended use** Paint  
**Restrictions on use** No information available

**Manufactured For**

Benjamin Moore & Co., Limited  
8775 Keele Street  
Concord ON L4K 2N1  
Phone: 1-800-361-5898  
[www.benjaminmoore.com/en-ca](http://www.benjaminmoore.com/en-ca)

**Manufacturer**

Benjamin Moore & Co.  
101 Paragon Drive  
Montvale, NJ 07645  
Phone: 1-866-708-9180  
[www.benjaminmoore.com](http://www.benjaminmoore.com)

**Emergency Telephone**

CHEMTREC: +1 703-741-5970 / 1-800-424-9300  
+1 703-527-3887 (outside US & Canada)  
CANUTEC: 613-996-6666 (Transport Emergency Only)

### 2. HAZARDS IDENTIFICATION

**Classification**

This chemical is considered hazardous by the Hazardous Products Regulations (HPR: SOR/2015-17)

|                                   |             |
|-----------------------------------|-------------|
| Serious eye damage/eye irritation | Category 2A |
| Skin sensitization                | Category 1  |

**Label elements**

**Warning**

**Hazard statements**

Causes serious eye irritation  
May cause an allergic skin reaction

**Appearance** liquid

**Odor** little or no odor

**Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling

Avoid breathing dust/fume/gas/mist/vapors/spray

Contaminated work clothing should not be allowed out of the workplace

Wear protective gloves/clothing and eye/face protection

**Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing

If eye irritation persists: Get medical advice/attention

**Skin**

IF ON SKIN: Wash with plenty of soap and water

If skin irritation or rash occurs: Get medical advice/attention

Wash contaminated clothing before reuse

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Other information**

No information available

**WARNING:** This product contains isothiazolinone compounds at levels of <0.1%. These substances are biocides commonly found in most paints and a variety of personal care products as a preservative. Certain individuals may be sensitive or allergic to these substances, even at low levels.

**3. COMPOSITION INFORMATION ON COMPONENTS**

| Chemical name                              | CAS No.    | Weight-%    | Hazardous Material<br>Information Review Act<br>registry number (HMIRA<br>registry #) | Date HMIRA filed and<br>date exemption granted<br>(if applicable) |
|--------------------------------------------|------------|-------------|---------------------------------------------------------------------------------------|-------------------------------------------------------------------|
| Titanium dioxide                           | 13463-67-7 | 10 - 30%    | -                                                                                     | -                                                                 |
| Tetramethyl-5-decyne-4,7-diol,<br>2,4,7,9- | 126-86-3   | 0.1 - 0.25% | -                                                                                     | -                                                                 |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

#### 4. FIRST AID MEASURES

|                                 |                                                                                                                                                                                                                               |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General Advice                  | No hazards which require special first aid measures.                                                                                                                                                                          |
| Eye Contact                     | Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.                                                                                                                                        |
| Skin Contact                    | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician. Wash clothing before reuse. Destroy contaminated articles such as shoes. |
| Inhalation                      | Move to fresh air. If symptoms persist, call a physician.                                                                                                                                                                     |
| Ingestion                       | Clean mouth with water and afterwards drink plenty of water. Consult a physician if necessary.                                                                                                                                |
| Most Important Symptoms/Effects | May cause allergic skin reaction.                                                                                                                                                                                             |
| Notes To Physician              | Treat symptomatically.                                                                                                                                                                                                        |

#### 5. FIRE-FIGHTING MEASURES

|                                                       |                                                                                                                                        |
|-------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Suitable Extinguishing Media                          | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                |
| Protective equipment and precautions for firefighters | As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. |
| Specific Hazards Arising From The Chemical            | Closed containers may rupture if exposed to fire or extreme heat.                                                                      |
| Sensitivity to mechanical impact                      | No                                                                                                                                     |
| Sensitivity to static discharge                       | No                                                                                                                                     |
| Flash Point Data                                      |                                                                                                                                        |
| Flash point (°F)                                      | Not Applicable                                                                                                                         |
| Flash Point (°C)                                      | Not applicable                                                                                                                         |
| Method                                                | Not applicable                                                                                                                         |
| Flammability Limits In Air                            |                                                                                                                                        |
| Lower flammability limit:                             | Not applicable                                                                                                                         |
| Upper flammability limit:                             | Not applicable                                                                                                                         |

NFPA

### NFPA Legend

0 - Not Hazardous  
1 - Slightly  
2 - Moderate  
3 - High  
4 - Severe

*The ratings assigned are only suggested ratings, the contractor/employer has ultimate responsibilities for NFPA ratings where this system is used.*

*Additional information regarding the NFPA rating system is available from the National Fire Protection Agency (NFPA) at [www.nfpa.org](http://www.nfpa.org).*

## 6. ACCIDENTAL RELEASE MEASURES

### Personal Precautions

Avoid contact with skin, eyes and clothing. Ensure adequate ventilation.

### Other Information

Prevent further leakage or spillage if safe to do so.

### Environmental precautions

See Section 12 for additional Ecological Information.

### Methods for Cleaning Up

Soak up with inert absorbent material. Sweep up and shovel into suitable containers for disposal.

## 7. HANDLING AND STORAGE

### Handling

Avoid contact with skin, eyes and clothing. Avoid breathing vapors, spray mists or sanding dust. In case of insufficient ventilation, wear suitable respiratory equipment.

### Storage

Keep container tightly closed. Keep out of the reach of children.

### Incompatible Materials

No information available

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Exposure Limits

| <b>Lower flammability limit:</b>      | Not applicable           |
| <b>Autoignition Temperature (°F)</b>  | No information available |
| <b>Autoignition Temperature (°C)</b>  | No information available |
| <b>Decomposition Temperature (°F)</b> | No information available |
| <b>Decomposition Temperature (°C)</b> | No information available |
| <b>Partition coefficient</b>          | No information available |

## 10. STABILITY AND REACTIVITY

|                                    |                                          |
|------------------------------------|------------------------------------------|
| Reactivity                         | Not Applicable                           |
| Chemical Stability                 | Stable under normal conditions.          |
| Conditions to avoid                | Prevent from freezing.                   |
| Incompatible Materials             | No materials to be especially mentioned. |
| Hazardous Decomposition Products   | None under normal use.                   |
| Possibility of hazardous reactions | None under normal conditions of use.     |

## 11. TOXICOLOGICAL INFORMATION

### Product Information

#### Information on likely routes of exposure

|                              |                                           |
|------------------------------|-------------------------------------------|
| Principal Routes of Exposure | Eye contact, skin contact and inhalation. |
|------------------------------|-------------------------------------------|

### Acute Toxicity

|                     |                          |
|---------------------|--------------------------|
| Product Information | No information available |
|---------------------|--------------------------|

#### Symptoms related to the physical, chemical and toxicological characteristics

|          |                          |
|----------|--------------------------|
| Symptoms | No information available |
|----------|--------------------------|

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                          |                                                                                                              |
|--------------------------|--------------------------------------------------------------------------------------------------------------|
| Eye contact              | May cause slight irritation                                                                                  |
| Skin contact             | Prolonged skin contact may cause skin irritation and/or dermatitis. May cause sensitization by skin contact. |
| Inhalation               | May cause irritation of respiratory tract.                                                                   |
| Ingestion                | Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.                              |
| Sensitization            | May cause an allergic skin reaction.                                                                         |
| Neurological Effects     | No information available.                                                                                    |
| Mutagenic Effects        | No information available.                                                                                    |
| Reproductive Effects     | No information available.                                                                                    |
| Developmental Effects    | No information available.                                                                                    |
| Target organ effects     | No information available.                                                                                    |
| STOT - single exposure   | No information available.                                                                                    |
| STOT - repeated exposure | No information available.                                                                                    |
| Other adverse effects    | No information available.                                                                                    |
| Aspiration Hazard        | No information available.                                                                                    |

#### Numerical measures of toxicity

The following values are calculated based on chapter 3.1 of the GHS document

|                 |             |
|-----------------|-------------|
| ATEmix (oral)   | 41283 mg/kg |
| ATEmix (dermal) | 99999 mg/kg |

### **Component Information**

Caution - This mixture contains a substance not yet fully tested

| Chemical name                                          | Oral LD50             | Dermal LD50             | Inhalation LC50       |
|--------------------------------------------------------|-----------------------|-------------------------|-----------------------|
| Titanium dioxide<br>13463-67-7                         | > 10000 mg/kg ( Rat ) | -                       | -                     |
| Tetramethyl-5-decyne-4,7-diol,<br>2,4,7,9-<br>126-86-3 | > 500 mg/kg ( Rat )   | > 1000 mg/kg ( Rabbit ) | > 20 mg/L ( Rat ) 1 h |

### **Chronic Toxicity**

#### **Carcinogenicity**

The information below indicates whether each agency has listed any ingredient as a carcinogen:.

| Chemical name    | IARC                           | NTP |
|------------------|--------------------------------|-----|
| Titanium dioxide | 2B - Possible Human Carcinogen |     |

• Although IARC has classified titanium dioxide as possibly carcinogenic to humans (2B), their summary concludes: "No significant exposure to titanium dioxide is thought to occur during the use of products in which titanium dioxide is bound to other materials, such as paint."

#### **Legend**

IARC - International Agency for Research on Cancer

NTP - National Toxicity Program

OSHA - Occupational Safety & Health Administration

## 12. ECOLOGICAL INFORMATION

### **Ecotoxicity Effects**

The environmental impact of this product has not been fully investigated.

### **Product Information**

#### **Acute Toxicity to Fish**

No information available

#### **Acute Toxicity to Aquatic Invertebrates**

No information available

#### **Acute Toxicity to Aquatic Plants**

No information available

#### **Persistence / Degradability**

No information available.

#### **Bioaccumulation**

No information available.

#### **Mobility in Environmental Media**

No information available.

**Ozone**

Not applicable

**Component Information**

**Acute Toxicity to Fish**

Titanium dioxide

LC50: > 1000 mg/L (Fathead Minnow - 96 hr.)

Tetramethyl-5-decyne-4,7-diol, 2,4,7,9-

LC50: 42 mg/L (Carp (Cyprinus carpio) - 24 hr.)

**Acute Toxicity to Aquatic Invertebrates**

Tetramethyl-5-decyne-4,7-diol, 2,4,7,9-

LC50: 91 mg/L (Daphnia magna - 48 hr.)

**Acute Toxicity to Aquatic Plants**

Tetramethyl-5-decyne-4,7-diol, 2,4,7,9-

EC50: 82 mg/L (Algae (Selenastrum capricornutum) - 72 hrs.)

**13. DISPOSAL CONSIDERATIONS**

**Waste Disposal Method**

Dispose of in accordance with federal, state, provincial, and local regulations. Local requirements may vary, consult your sanitation department or state-designated environmental protection agency for more disposal options.

**14. TRANSPORT INFORMATION**

TDG Not regulated

ICAO / IATA Not regulated

IMDG / IMO Not regulated

**15. REGULATORY INFORMATION**

**International Inventories**

**TSCA: United States**

Yes - All components are listed or exempt.

**DSL: Canada**

No - Not all of the components are listed.

One or more component is listed on NDSL.

**National Pollutant Release Inventory (NPRI)**

**NPRI Parts 1- 4**

This product contains the following Parts 1-4 NPRI chemicals:

None

**NPRI Part 5**

This product contains the following NPRI Part 5 Chemicals:

None

**WHMIS Regulatory Status**

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR) and the SDS contains all the information required by the HPR

**16. OTHER INFORMATION**

**HMIS**

|                     |   |
|---------------------|---|
| Health hazards      | 1 |
| Flammability        | 0 |
| Reactivity:         | 0 |
| Personal protection | - |

**HMIS Legend**

0 - Minimal Hazard

1 - Slight Hazard

2 - Moderate Hazard

3 - Serious Hazard

4 - Severe Hazard

\* - Chronic Hazard

X - Consult your supervisor or S.O.P. for "Special" handling instructions.

*Note: The PPE rating has intentionally been left blank. Choose appropriate PPE that will protect employees from the hazards the material will present under the actual normal conditions of use.*

*Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings are not required on MSDSs under 29 CFR 1910.1200, the preparer, has chosen to provide them. HMIS® ratings are to be used only in conjunction with a fully implemented HMIS® program by workers who have received appropriate HMIS® training. HMIS® is a registered trade and service mark of the NPCA. HMIS® materials may be purchased exclusively from J. J. Keller (800) 327-6868.*

**WARNING!** If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH approved respirator to control lead

exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by logging onto Health Canada at [http://www.hc-sc.gc.ca/ewh-semt/contaminants/lead-plomb/asked\\_questions-questions\\_posees-eng.php](http://www.hc-sc.gc.ca/ewh-semt/contaminants/lead-plomb/asked_questions-questions_posees-eng.php).
